

Standard Color: Cream White, Gray

Product Features

- The horizontal design sits along the wall and opens out into the room when required.
- Complies to global safety standards and the safety belt is adjustable for fitting around the exact shape of the child or infant being changed.
- Heavy duty construction ensures a safe and stable platform for changing babies and toddlers.
- A gas strut dampened mechanism ensures a controlled, stable and safe opening and closing process.
- Two bag hooks provide a hygienic place to rest belongings whilst changing the baby.
- Ultra safe, slimline design that takes up little space with no sharp edges or corners.
- Hygienic and easy to clean with HDPE to inhibit bacteria growth.
- Comply with the EN 12221 standards and units tested in our own laboratories have withstood loads over 50 kgs.

Technical Specification

Dimensions:

Open: 855*560*495mm

Closed: 855*560*107mm

Material: HDPE

Unit Net Weight: 12 Kgs

Available in cream white or gray colour.

Recommended installation: 800 mm at lowest point
